

2022 PRODUCT CATALOG

Macksteel Warehouse had its start in 1973 when founders Steve and Beverly Mack began a portable bailing business, traveling the region processing scrap metals. A few years later the current property was purchased, and Mack Wrecking, Inc. was formed as a scrap iron and metal recycler.

During the 80s, the retailing of new and surplus steel was added. During this time the scrap recycling and retail steel businesses both experienced steady growth. In 1998, the scrap division was sold,

and the company changed its name to Macksteel Warehouse, Inc. The sale allowed management to focus on the metal service center side of the business, and fabrication equipment was added, allowing Macksteel to produce finished products.

Today, we operate nearly 145,000 sq ft with the latest metal fabrication technology. Our unique integration of metal distribution, fabrication, and manufacturing has allowed Macksteel to continue to grow.

Decades later, our unique integration of metal distribution, fabrication, and manufacturing has allowed Macksteel to grow into one of the region's leaders in Farm and Ranch Equipment manufacturing and distribution – building products to last generations.

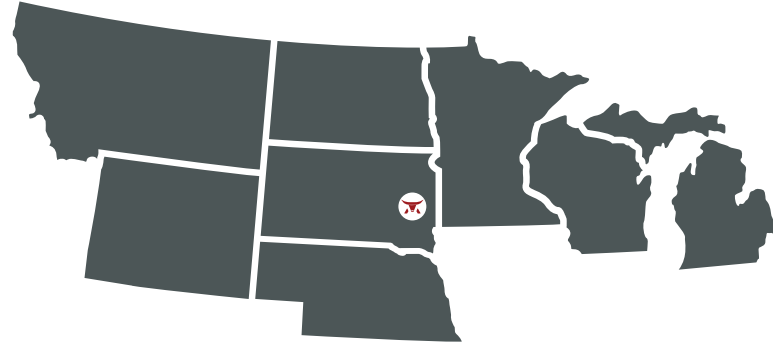

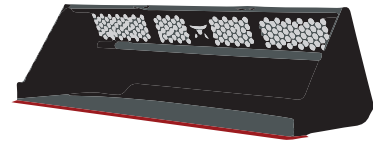

Today, we operate nearly 145,000 sq ft with the latest metal fabrication technology. Our unique integration of metal distribution, fabrication, and manufacturing has allowed Macksteel to continue to grow.

As we near 100 dealers across 9 states in the upper midwest we at Macksteel have grown our product list to include cattle handling, equine, feeding equipment, equipment attachments, gates, panels, and now arena equipment.

We take every growth opportunity seriously and test our products against competitors the best we can prior to product launches. We have received overwhelming support from our dealer network and our return customers which has solidified our place in the farm and ranch products industry.

ARENA EQUIPMENT

PRE-SORT PEN PACKAGE

This Pre-Sort Pen allows you to presort steers or calves for timed events for a more efficient and organized operation. This package can be used with center loading or side loading to fit your operation. The package features a combination of bow gates and mounting frames for the gates to attach too. These components are all constructed from our 2" 16ga. round tubing and finished with Macksteel Textured Grey powdercoat.

Check out our website for some instructional videos.

ROUND PENS

Macksteel Round Pens are compiled of the below panel configurations completed with a 6' x 9' Bow Gate for entry/exit. These panels are constructed with our 2" 16ga. tubing and the 6' height is sure to keep your horses from wanting to jump over.

SKU	DIAMETER	PANELS	GATE
MPRP40	40'	10 - 12'	6' X 9'
MPRP50	50'	13 - 12'	6' X 9'
MPRP60	60'	15 - 12'	6' X 9'
MPRP70	70'	18 - 12'	6' X 9'

ARENA BOW FRAMES

These arena bow frames provide strength, support, and access wherever you need it in your setup. Constructed with 2" 16ga. round tubing they can hold up to the toughest stock and high pressure areas.

SKU	WIDTH	HEIGHT	WEIGHT
MPABF4	4'	9'	60 LBS

PART NUMBER: MP66339

DAKOTA SLED

The Dakota Sled from Macksteel is a complete device for your livestock to scratch and oil up using a ProMold oiler. The sled also features a ProMold Mineral Feeder on the end allowing you to set up and leave it long term or quickly move it to another location.

LENGTH	HEIGHT	WIDTH	WEIGHT
215"	89"	64"	990 LBS

PART NUMBER: MP66143

12' CALF SHELTER

Our shelters are typically constructed from a 3" x 1/4" wall tube frame and 2" 11ga. end walls. They are covered by 22ga. steel decking and include a sheet metal end wall with a half door on the front. The front half door and patterned sheet metal holes allow for ample air flow and easy access for calves and ranchers. The door is secured with a simple pin design and can quickly be removed and opened for access.

The lifting angle allows you to easily move the calf shelter with a bucket, forks, or grapple.

LENGTH	HEIGHT	GATE HEIGHT	WEIGHT
12'	67.5"	97.5"	1700 LBS

PART NUMBER: MP66144

24' CALF SHELTER

Our shelters are typically constructed from a 3" x 1/4" wall tube frame and 2" 11ga. end walls. They are covered by 22ga. steel decking and include sheet metal end walls with a walk-in access door complete with a slam latch.

LENGTH	HEIGHT	GATE HEIGHT	WEIGHT
24'	67.5"	97.5"	2148 LBS

CATTLE HANDLING

PART NUMBER: **MPPB1240CALF**

PORTABLE CALVING BARN

The calving barn package includes a portable building with two calving gates, three 12' gates, and one head gate. This package is designed to make the most of the usable space with gates that are able to be used for multiple openings. The calving gates also feature a lift up nursing gate and walk-thru gate on the end.

Picture shown includes optional running gear to make transportation even easier.

LENGTH	HEIGHT	WIDTH	WEIGHT
40'	7'	12'	4575 LBS

PART NUMBER: **MPPB1240**

PORTABLE BUILDING

Our 12' x 40' Portable Building is built tough with a 7' front wall and 6' back wall height. We have several add-on packages for our portable buildings which you can see below.

LENGTH	HEIGHT	WIDTH	WEIGHT
40'	7'	12'	3700 LBS

PART NUMBER: **MPPB12402GHC**

PORTABLE CALF BARN

The calf guard package includes a portable building with a removable calf guard. The calf guard is two 40' long pieces of 2-3/8" pipe which slide into the loops on the front of the structure and lock into place using a locking bolt at each end.

LENGTH	HEIGHT	WIDTH	WEIGHT
40'	7'	12'	3700 LBS

PART NUMBER: **MP995**

PORTABLE LOADING CHUTE

Our Portable Loading Chute provides easy adjustability and a place to stow the towing arm when it is not needed. Includes side steps and a standard 2" ball hitch.

LENGTH	HEIGHT	WIDTH	WEIGHT
12'	7'	4'	1800 LBS

PART NUMBER: **MP66218**

HEADGATE

Our headgate is easy to use and easy to install. Its fully mechanical design ensures no failures and simple maintenance for the life of the gate.

LENGTH	HEIGHT	WIDTH	WEIGHT
2.5'	72"	36'	250 LBS

ATV FENCE PASS

These ATV/UTV Fence Passes are a perfect addition for quick and easy access to your feedlots and pastures while keeping your livestock safe and contained.

EQUINE

- HANGING BALE FEEDER
- HAY RACKS
- SANDLAND HORSE FEEDER
- WALL MOUNT HAY RACK
- CORNER FEEDER

PART NUMBER: MPHBMPPF

HANGING BALE FEEDER

This new product is a game changer for any round bale feeding operations. Save hay, save time, and save money with this Hanging Bale Feeder. With the bale being suspended from 3/16" chain minimal waste is experienced as air is allowed to flow through the feeder and your horses can access the entire bale.

These feeders come with a Hay Chix hay net which providing slow feed and hay saving features.

LENGTH	HEIGHT	WIDTH	WEIGHT
84"	72"	84"	700 LBS

HAY RACKS

These powder coated hay racks are a must for combo feeding your horses hay and grain. The clearance allows the horses to eat from the pan without rubbing on the bars and provides a catch for hay as it is pulled from the rack. The round tube design allow these to be easily moved around and positioned and are built to withstand wind, ornery horses, and kids that don't know how to drive tractors.

These are available in 4' and 8' lengths.

SKU	LENGTH	HEIGHT	WIDTH	WEIGHT (LBS)
MPHF4P	4'	5'	4'	207
MPHF8P	8'	5'	4'	315

PART NUMBER: MP66428

SANDLAND HORSE FEEDER

This "Sandland Style" on ground horse feeder is completely built out of round pipe to eliminate any chance of mane wear. All of the pipes are capped which allow for the open top for easy bale insertion.

HEIGHT	DIAMETER	SPACING	WEIGHT
56"	90.5"	18"	592 LBS

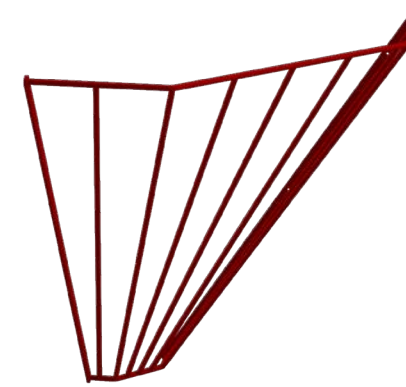

PART NUMBER: MPWMHR

WALL MOUNT HAY RACK

This powder coated wall mount hay rack is ideal for horse stalls. This design eliminates sharp corners and provides easy access mounting holes for hanging.

HEIGHT	DEPTH	WIDTH	WEIGHT
24"	8"	28"	13 LBS

PART NUMBER: MPCHR

CORNER FEEDER

The Corner Hay Rack Feeder fits nicely in the corner of your horse stall. The design follows suit with our straight Wall Mount Hay Rack with no sharp edges and easy access mounting holes.

PART NUMBER: MP66999

CORRAL PANEL TRAILER

Corral Panel trailers are designed to haul up to 30 panels at a time allowing for ultimate mobility.

LENGTH	WIDTH	WEIGHT
170"	89"	861 LBS

PANELS

PART NUMBER: MPPANEL

HD PORTABLE PANELS

Macksteel's HD Portable Panels are an industry favorite for those high pressure areas. With our portable design using socket style tubes, you can lay them flat and out of the way or to haul to another location.

- Frame and legs 2-3/8" well pipe
- Horizontals 1-1/4" x 14ga RD tube
- Leg uprights 2-1/2" SQ tube
- Middle uprights 3/4" HR rod
- 1 chain and gusset on each of panel

LENGTH	HEIGHT	WIDTH	WEIGHT
24'	60"	6' LEGS	510 LBS

PART NUMBER: MPPANEL2

LD PORTABLE PANELS

These Light Duty portable panels are built using 3/4" sucker rod and 2-7/8" well pipe frame. These have a fixed leg and are not stackable but still work well to contain your livestock.

LENGTH	HEIGHT	WIDTH	WEIGHT
24'	60"	4' LEGS	600 LBS

PART NUMBER: MP650

WIND BREAK PANEL

- 22ga Galvanized decking
- Top and bottom tubes 2 x 11ga SQ tube
- Leg uprights 3" x 3/16" SQ tube
- The 2 outside and 1 middle upright 3"x 2" x 11ga REC tube

LENGTH	HEIGHT	WEIGHT
24'	8'	652 LBS

SHEEP & GOAT

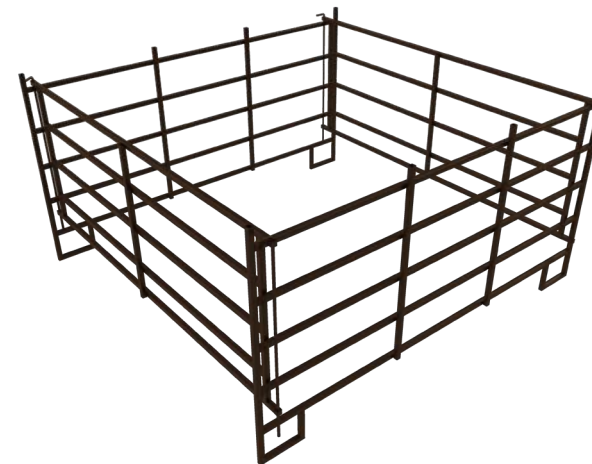

- HAY RACKS
- COLLAPSIBLE BALE FEEDER
- BALE FEEDER

SHEEP & GOAT

SHEEP & GOAT HAY RACKS

These hay rack combos are designed and built to last. The hay rack allows you to keep your hay up and allows enough space for stock to eat the grain from the 6" deep grain trough.

	LENGTH	HEIGHT	WIDTH	WEIGHT (LBS)
MPSF4P	4'	4'	29"	125
MPSF8P	8'	4'	29"	215

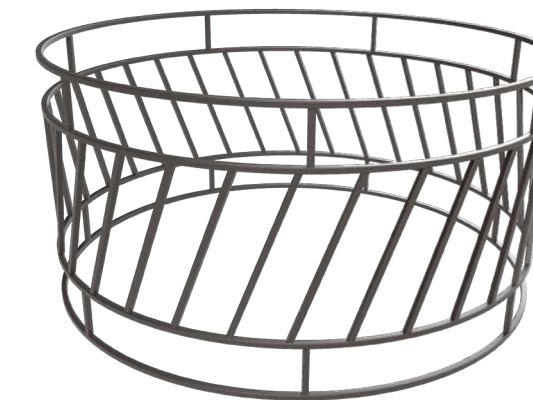

PART NUMBER: **MP66686**

COLLAPSIBLE BALE FEEDER

Our Collapsible Bale Feeder allows you to pop up a feeding station almost anywhere. Simply pin the feeder ends and start using.

WIDTH	LENGTH	HEIGHT	WEIGHT
12'	8'	34"	209 LBS

PART NUMBER: **MP66687**

BALE FEEDER

Our bale ring bale feeder is an excellent solution for sheep and goats. This feeder gives them full access to the bale and is also light and movable.

DIAMETER	HEIGHT	WEIGHT
93"	46"	209 LBS
